Krishna Avanti Primary School, Leicester

Welcome to Krishna Avanti Primary School Leicester (KAPSL)

Hare Krishna!

I would like to extend a very warm welcome to you on behalf of the Avanti Schools Trust, staff, and students. I am honoured and humbled to have the opportunity to lead alongside a dedicated team at a school full of rich and spiritual traditions; a school that exists to help each person become a well-rounded human being through intellectual,

moral, and spiritual growth, and so make the world a better place.

Taking inspiration from Sri Krishna Chaitanya's teachings, our ethos reflects His all-encompassing philosophy of education and spirituality, which promotes humility, equality for every individual, love, and compassion that transcends all ideologies and beliefs.

At Krishna Avanti Primary School, we strive to foster a genuine passion for learning in each student that exceeds the classroom and into the rest of their lives. I am enthusiastic to work with a great community where we can share our faith, instil virtues, and empower our students to seek their full potential supporting each person's life journey along the three parallel paths: Educational excellence; Character formation; and Spiritual insight.

I believe that excellent schools are a result of amazing teachers, staff, parents, and community members. It is my goal to help grow our purposeful community through collective efficacy, communication, professional development, and collaboration with all stakeholders to continue to build and foster the tremendous culture embedded at Krishna Avanti Primary School.

I would love for you to part of our journey and look forward to meeting you.

Sincerely,

Ms Devika Bridgmohun Principal

Core principles

We have incredible potential and can achieve this when nurturing all parts of ourselves – intellectual emotional, physical and spiritual.

We choose how we wish to respond to life and what we nurture within.

We care for and respect all life – human, animal and plant – and live in a way that causes the least possible harm

2

We each observe the one same reality from our own unique perspective and engage in open-minded dialogue to deeply enrich our vision.

We serve a higher purpose by living a meaningful and satisfying life of

We are nourished by personal relationships that fulfil our need to love and be loved, encouraging us to be the best we can be.

5

The three pillars

Our school prepares students for their respective life-journeys by promoting educational excellence, character formation and spiritual insight.

Educational excellence

Our vision for educational excellence is one where deeply inspired teachers nurture joyful students and nourish their innate passion for learning. Learning is a quest to discover each student's unique gifts and potential and lay the foundation for their lifelong journey of learning. This is inseparable from high academic standards, where a challenging holistic curriculum cultivates independently thoughtful and reflective students by working towards a sense of mastery, emphasising depth, and not just breadth.

Character formation

Our vision for character formation is one where virtues are taught by example and a supportive community of learners fosters a powerful sense of individual and collective purpose. Learning develops for these conscious changemakers as a quest for making the world a better place, starting with oneself. The capacity to internalise and put into practice what we have learned is the true test of learning. Building this capacity demands an experiential, virtues-led curriculum that embraces collaboration, custodianship and global perspectives.

Spiritual insight

Our vision for spiritual insight is one where our interconnectedness with all living beings and with the universe, urges acts born out of humility and love, and the Self is perceived beyond its layers of coverings. Learning blossoms for these seekers as a quest for self-discovery and opens the door to their unlimited potential; an antidote to the emptiness of a materialistic or mechanistic world view. The curriculum unveils the possibilities of sacredness and transcendence at every moment and so engenders a deeply positive attitude to life, enduring happiness and heartfelt relationships.

Our commitment to parents, carers and students

We want to involve you as parents and carers fully in your child's education. By working closely with you we can ensure that each stage of your child's journey is stimulating, positive and enriching.

Curriculum

Early Years Foundation Stage

At Krishna Avanti Primary School, we want our students' first experiences of education to be enjoyable and engaging. We expect all members of the school community to work collaboratively, with high aspirations and expectations of everyone, consistent with our ethos.

By the end of the Foundation Stage (Reception Class), we aim for all our children to have developed positive attitudes to school supported by positive relationships with adults, strong friendships, meaningful learning activities set in an engaging, calm environment and strong links between school and parents/carers. We also expect them to have a firm understanding of phonics, and will offer additional directed support to those with need.

Children will be offered a broad, balanced Early Years Foundation Stage curriculum. This allows plenty of opportunities to learn through play in a wide variety of contexts and focuses on: communication and language; physical development; personal, social and emotional development; literacy; mathematics; understanding the world; and expressive arts and design. Teaching will encourage all children to ask questions and talk about their play and learning.

Key Stage 1 and 2 (Age 5-11)

Krishna Avanti Primary School offers a unique curriculum, which is developing at pace. We currently teach all the subjects in the National Curriculum i.e: English, Maths, Science, Computing, Design & Technology, History, Geography, Music, Art, Personal, Social Health Education (PSHE) and Citizenship, Physical Education and Spanish.

We pride ourselves on our unique offer of Philosophy, Religion and Ethics. We also have a number of visiting specialists who support learning and the development of innovative practice in ICT, Expressive Arts, PE and Yoga.

We encourage our children to experience learning outside of the classroom setting and often extend their learning opportunities by taking the children out on extra-curricular visits to different places of interest, in order to reinforce their learning and encourage further engagement in particular topics, themes or subject knowledge.

School lunches

An important part of our ethos is around the provision of hot, fresh, nutritious meals. Sharing tasty, healthy school lunches is an integral part of the educational experience at an Avanti school. It's also an opportunity to enhance social skills and table etiquette, ensuring lunchtimes are a positive experience for all. School staff often enjoy taking lunch with pupils, creating a family atmosphere.

The lunch meals cooked on-site are vegetarian (in line with the faith ethos of the school) and half-termly menus are also available on the School's website. We encourage parents to visit the school to sample the school lunches in order to satisfy themselves with the quality of provision.

All children at Krishna Avanti Primary School must have a school lunch - packed lunches are not an option. Meals can be designed to meet the needs of children with specific allergies.

If the lunch provision on offer does not meet your child's needs, or if your child has specific diet requirements/preferences, please do speak to Govinda's (our catering provider) so that they can provide for your child accordingly.

We strongly encourage parents who have financial constraints to apply for Free School Meals. An application form can be obtained from the school office. Any forms received by the school will be kept confidential.

All students will have access to a broad and balanced curriculum, which alongside our extra-curricular programme, will enable each child to find and nurture their individual talents.

- Geography
- History
- PRE
- PE and Yoga
- A modern foreign language
- Drama
