

Year 6 2022-2023 Curriculum Overview

Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Affirmation	I am inherently valuable, and I have incredible potential because I am a part of the divine. I invite all my experiences to help me realise this. I choose goodness with my thoughts, my words, and my actions. Goodness is what brings me lasting happiness.		I care for every living thing because it has the same spark that I have within me. So, I live in a way that shows kindness and does not cause any harm. I listen to everyone with love and respect because their perspective is valuable. My mind is open and other people enrich my understanding of the world.		My life is sacred, and I honour that sacredness by living for a higher purpose. Real joy comes from using my talents in the service of others. I endeavour with hope and courage, to leave this world in a better place. I am not what I have, I am not what I achieve, I am not what others say about me. I am a beloved of God. It is who I am. No one can take it from <u>me</u> and I am loved.
